

2018 DuFief Elementary School Science Fair

March 20, 2018

DuFief Elementary APR

6:00pm -7:30pm

The DuFief Science Fair is a science exhibition organized by the DuFief PTA. Participation is **voluntary** and **open to all grade levels**, and is always a lot of fun! Projects are to be completed by student participants at home, and brought to school for display.

Project Specifications

Projects should contain an **informational display board** (tri-fold boards are particularly stable) with the participant's name, grade, and teacher clearly labeled in the top right corner. Students can choose to do projects on their own or in groups.

Students are welcome to prepare either a **research project** or an **experimental project**. **Research projects** contain information, photos and/or models relating to a scientific topic that the participant has investigated. **Experimental projects** contain results, photos and/or models relating to an experiment the participant has conducted using the steps of the scientific method. Guidance on planning and presenting your project can be found online. A website that can be used for reference is: <https://wehavekids.com/education/How-to-do-a-Great-Science-Fair-Project-and-Board>

Projects should reflect the skills and knowledge of the student - a simple project that is well understood by the student is a project well done!

Dates and Times

Set-up: Students setup in the APR on March 20, 2018 between 8:00 AM and 8:30 AM.

Science Fair: Will be held in the APR on March 20, 2018 from 6-7:30 PM. Students and families are welcome to attend, and student participants are encouraged to discuss their project displays. All participants will receive a token of participation.

Break-down: Projects are to be taken home on the evening of March 20, 2018 at the end of the Fair.

Registration

Please register online at: <https://goo.gl/forms/xJW5ltgmVyhYJtl2>

You can also register by submitting the following information to your class teacher:

1. Name(s) of student participant(s)
2. Grade
3. Teacher
4. Project topic
5. Special display requirements (electrical outlet needed, etc)

All registrations are due by **March 2, 2018**.

Please note that we cannot permit the use of live animals, combustion, or open flame during the Science Fair.

Direct any questions to Aarti Savani at dufiefscience@gmail.com

We look forward to seeing you at the Science Fair!
